

Statewide Portable Equipment Registration Program **FORM 40 - Notification of Operation in an Emergency Event**

(Auto-fill format. Use "Tab" or up/down arrows to enter information)

Complete this form if you are operating portable equipment which is normally subject to air permit requirements but is exempt during a declared emergency. You can either mail in a hardcopy, or email us a copy at the address below. Submit this notification for each project location. Also, keep a copy on site with the equipment. If you have questions don't hesitate to contact the Portable Equipment Registration Program staff.

Note: Use this form only if the engine or equipment unit is operating during an emergency event as defined in section 2452 (j) of the Portable Equipment Registration Program regulation.

1. *Company Name* - Legal name of entity, business, organization, agency, or private individual that owns or operates the portable equipment.
2. *Mailing Address* - Address where the company or owner, can be contacted.
3. *Company Information* - The email, phone, and fax numbers need to belong to the company, not a third party. Examples of third party members are consultants, distributors, sales representatives, lawyers, etc.
4. *General Nature of Business* - Please state the type of business conducted by entity seeking registration. Examples include water well drilling, construction, renter of portable equipment, solid waste facility, etc.
5. *Project Information* – Provide the address or other information identifying the location, the dates of operation, and a description and purpose of the project.
6. *Engine Powers* - Describe what the engine powers such as a drill rig, pump, compressor, generator, etc.
7. *Engine Manufacturer* - For example: Caterpillar, Detroit Diesel, John Deere. Please be sure this is the manufacturer of the engine, not the compressor, generator, etc. which the engine powers.
8. *Engine Model* - The model number will likely be a series of numbers or letters or combinations of numbers and letters, for example: 4045DF150
9. *Serial Number* – Engine Serial Number - A unique, unit specific number, usually on the engine nameplate or stamped into the engine block. For example: PE4045D123456.
10. *Engine Rated Horsepower (bhp)* – the maximum brake horsepower rating on the nameplate of the engine.
11. *Primary Fuel* - Specify diesel, gasoline, propane, or natural gas.
12. *Year of Manufacture* - Year engine was built not the year of manufacture of the unit the engine powers.
13. *Engine Family Name* – If the engine is an EPA or CARB certified engine, provide the 11 or 12 character engine family name. The family name will be on a tag or label with the heading “Important Engine Information” or “Emissions Information”.
14. *Printed Name of Owner/Operator* – Name of the owner or operator of the equipment submitting the report.
15. *Signature with Date* - Please sign and date.
